

EPOXY PLANT CERTIFICATION

For the Year 2020

The Concrete Reinforcing Steel Institute hereby certifies that the

Farwest Steel Corporation

facility located in

Eugene, Oregon

Meets the quality criteria set forth by the CRSI Voluntary Plant Certification Program according to CRSI's Standard for Epoxy-Coating Plant: Straight Bar Lines (CG1.1 2016).

This certification is subject to all applicable CRSI conditions.

Amy Trøgstad, P.E., FACI
